**LIT-FROM-WITHIN SKIN**

Famed facialist Eve Lom's products have a worldwide cult following for good reason—her seven steps truly give you a divine glow. (If you haven't tried Lom's clove oil-infused cleanser yet, you should.) The new makeup, not surprisingly, really delivers. Our favorites: Radiance Lift Foundation SPF 15 (\$60) and Sheer Radiance Translucent Powder (\$48).

**CHANEL MUST-HAVE**

The iconic Chanel No. 5 fragrance has been reimaged as a hair mist (\$65). Spritz lightly after blow-drying or use it to refresh bed-head hair instantly. And don't worry, it won't damage your color. ■
